

SUSTAINABLE ENVIRONMENTAL POLICY

As Qinn Hotels, we protect the environment, prevent its pollution, and attach importance to its protection by reducing our negative effects on the environment. For this;

- We comply with legal regulations and try to reduce our environmental impact.
- We take care to effectively separate our wastes according to their source, groups and hazard classes, and deliver them to licensed/authorized companies without exceeding the legal storage time limits.
- We know that using hazardous substances and chemicals only when necessary and as much as necessary will reduce both the negative effects on the environment and the amount of waste,
- We contribute to protecting nature by choosing materials with "recycling" and "environmentally friendly" labels in the materials we purchase in our business. We try to create reuse opportunities,
- We use disposable materials such as paper, napkins, toilet paper and packaging as much as necessary and take care to leave less waste to nature,
- We try to use water, energy and all natural resources economically. We share this sensitivity with our employees, guests and suppliers.
- We aim to educate our employees about the environment and increase their awareness.
